Tip/Complaint: I was walking with my toddler in the park in the morning today at approximately 11 am. The smell of burning asphalt was so strong it hurt my nose and was extremely unpleasant. I know this is from the plant, because when the wind blew from that direction, it worsened. I have lived in this neighborhood for almost 20 years and we never had this problem before the plant started to operate.

Tip/Complaint: It smells awful - like asphalt. There are fumes coming out of the plant and I do not want to breath in the air at McKinley Park because of the smell. It also smells at my house 3651 S Seeley Ave.

Tip/Complaint: I walked out the front door and it was like I was hit in the face with the smell of asphalt/petroleum. It was an extremely unpleasant smell that I continued to notice while walking around the block. The weather was about 70 degrees F, no wind, humid, and no clouds. This occurred at 7:45am on June 11, 2019.

Tip/Complaint: I woke up this morning to the smell of asphalt in my bedroom. As someone who is 10 weeks pregnant this is very concerning to me. All of our windows and doors were closed. The smell			

was extremely strong in my backyard as well. I'm at a loss because I feel like I cannot go outside and walk in the park like is recommended by my doctor for pregnancy and now I feel like I cannot be inside my house. What am I supposed to do if I cannot go outside but also cannot be inside me house? The weather was partly cloudy, about 67 degrees F, and little to no wind. I woke up to the smell in my bedroom at 7:00am on May 15, 2019. The smell lasted until I left for work. The smell in my backyard was noticed at 8:00am and it was extremely strong.

Tip ID # 182793 Date/Time Received: 02/11/2019 - 9:16:00 PM Submitter: (b) (6)	Alleged Violator: Innova labs 37th and Ashland Chicago, Illinois 60609 (Region 5) Alleged Violator Latitude / Longitude: Tip Image / Video Link: download file # 1 Date of Violation: Violation still occurring?: yes Notified state DEP/DEQ?: no	Intent: Intentional Type: Release Media: Air Entity: Company	Directions to site:

Tip/Complaint:

The odors that are emitted from Innova Labs are unending. I am tired of asking local lawmakers to fix the issue. It is doubly concerning to me that Innova is related to Sterigenics. The smell is so pungent it hangs over the entire neighborhood, especially when the wind is blowing from the east. It legitimately smells like chemical vomit and spices. When the wind blows east it blankets the entire McKinley Park neighborhood. I'm located at 37th and Damen (at least TEN BLOCKS) from the facility and it reaches us. Please, tell this company to stop polluting this neighborhood. There are many people of color here and ELLs/immigrants that cannot speak up for themselves. You need to help. This is getting out of hand.
